What you will discover:

the difference between the analog and digital worlds

what logic gates are and how to make them from transistors

where numbers come from and why the Babylonian's counting systems gave them so many problems when it rained

what integrated circuits, circuit boards, hybrids, and multichip modules are, how they are made, and what they're used for

how to survive the experience of assertion-level logic, positive logic, negative logic, and pass-transistor logic

where computers came from and what Charles Babbage and his lady friend did in their spare time

superconductors, diamond substrates, optical interconnection technologies, virtual hardware and much, much more!

-the difference between the analog and digital worlds-what logic gates are and how to make them from transistors-where numbers come from and why the Babylonian's counting systems gave them so many problems when it rained
