This joyously inspirational Spiritual book presents a set of beliefs about the meaning and purpose of life from a Cosmic Perspective that combines Twelve Step Recovery Principles with Ancient Metaphysical Truths. It explains why a New Age has dawned in human consciousness on planet Earth and explores the interrelationship between subjects that range from the Bible, Buddha, and Jesus to quantum physics, molecular biology, and AIDS. The belief system the book is based upon is exemplified by this quote from The Dance of Wounded Souls: "We are not sinful, shameful human creatures who have to somehow earn Spirituality. We are Spiritual Beings having a human experience. We are here to experience and learn, to Touch and to feel." The author, a therapist who specializes in codependence/inner child healing, not only explains the big picture of how we are all ONE, part of one Cosmic energy interaction that is unfolding perfectly, he also offers insights into how the individual being can lovingly change their relationship with self and life in order to transform their human experience into a much more enjoyable adventure. This is a life-changing, life-affirming book.
