Jane Austen and the Morality of Conversation (Anthem Nineteenth-Century Series) Bharat Tandon

This important study investigates how Austen worked with, and played upon, the cracks and faultlines which time had uncovered in the ideals of polite conversation. In a wide-ranging argument combining intellectual history and literary stylistics, Bharat Tandon explores such activities as flirtation and ventriloquism, in order to show how a form of conversational morality is what Austen's novels both describe and set out to achieve.
