Jesus, Mary, Lazarus, and Child: The Great Secret of the Fourth Gospel J. Tyson

The account of Jesus' mission recorded in the Gospel According to John contains an astounding degree of potential evidence in support of the current theory that Jesus was married and had two sons. A fifteen-year investigation into the language and symbolism of the Greek text has revealed a tale of passionate patriotism, violent aggression, limitations, errors, and profoundly significant echoes of ancient Hebrew traditions. Jesus created a kingly-priesthood based in Samaria, in direct opposition to the Temple in Jerusalem and had to find a young woman to bear his heir, but he also had to prove that he had possession of the Ark of the Covenant – the one true legitimiser of the 'chosen' priestly order. In this quest Jesus takes on a protégée – Lazarus. Together, Lazarus, Mary Magdalene, and the son of Jesus make up the original Holy Family.
