The Gaon of Vilna and His Messianic Vision

Arie Morgenstern

The Gaon of Vilna and His Messianic Vision Arie Morgenstern

In 1990 a document was discovered in Poland, according to which the Gaon of Vilna (1720-1797) stopped in Amsterdam on his way to Erez Israel. Research based on this astonishing find, detailed in this book, brought about a chain of dramatic discoveries that fundamentally altered our knowledge of the historic figure of the Gaon of Vilna. One such discovery reveals that the journey to Erez Israel transpired in the year 1778, three years prior to 1781 the year set as the end time by the kabbalists of that generation, including the Gaon of Vilna himself. This book demonstrates that the Gaon of Vilna traveled to Erez Israel in order to compose a new Shulh an arukh, a final halakhic code that would bring an end to halakhic disputes within the Jewish people. In this way he hoped to ensure the Messiah's arrival in the year 1781. Mysteriously, the Gaon of Vilna abandoned his dream, reporting that Heaven had prevented him. By following in the Gaon's footsteps, *The Gaon of Vilna and His Messianic Vision* uncovers the cause of his aborted journey and the revolutionary approach to redemption that the Gaon subsequently developed.
