The Note: This great book should really be read by everyone. It is difficult to describe why it so great because it both teaches and inspires. You really just have to read it. We think it is so good that it demands to be as accessible as possible. Once you've finished it, we're sure you'll agree. In fact, years ago, we would offer people twenty dollars if they read the book and didn't think it was completely worth their time. Of all the people who took us up on it, no one collected. The disclaimer: This version is made from OCR. That is a fancy way of saying that we scanned in and coded over six hundred fifty pages. There will be a few small occasional errors: spelling mistakes, odd punctuation, and the like. If you see any, please contact us. We have posted it in spite of these mistakes for two simple reasons. First, the book is worth a mistake or two because it really deserves the widest audience possible. Second, we are sure that once you new people begin reading it, you'll go out and get a physical copy. You should go and get it (and ones for your friends and family).
