Talk to Me - What the Dead Whisper in Your Ear Allison DuBois

After three years, I am finally ready to release my fourth book, Talk to Me. I have pulled a collection of stories from my personal life and readings from my reading vault that cover a wide range of types of loss, and how to cope. I begin the book describing how spirits talk to me and how you can see signs, too. This gives us a footing to delve into the many stories that are told from both my perspective, and in the words of the person being read. I devote a chapter to kids with abilities and kids trying to cope with loss. Our daughters are older now, so they have included their tips for kids with the "gift," so younger children can hear the advice from those to whom they can relate. I recount readings from spouses, children, and parents who have died through natural means or at the hands of others, including a tribute chapter for our soldiers. On the cover, I'm holding a picture of my dad, so I thought it would be special to release my book the week of Father's Day! Coincidentally, nine years ago (2002) Father's Day was the last day I saw my dad alive. I know many of you miss your dads and granddads, too, so here's to them-the men in our lives!
