The Hunt for a Notorious Terrorist: A Group of Suicide Bombers on the Loose Adrian A Davieson

The Hunt for a Notorious Terrorist is a work of fiction involving the hunt for a terrorist who was bent on destroying the financial nerve center of the United States. Having succeeded in organizing the worst terrorist invasion yet on US soil, Abasi organizes another group of diehard suicide bombers who are smuggled through the Mexican border with the help of a Mexican drug cartel into the US. But his nemesis is a lone CIA agent who tracked him through the rough terrain of terrorist cells and enclaves in order to stop him by any means possible. But the US President had a decision to make. The suicide bombers are on the verge of fulfilling the moment of truth! The selfless and patriotic determination of the President who was facing a tough reelection made the call a tough call (as innocent American lives are at stake) to prevent another terrorism that would make September 11, 2001, a child's play in comparison. But the protection of the greatest country in the universe was greater than any politically influenced decision that the president had ever faced. There was no other option left to the President of the United States!
