Big In Japan: Book One in the Gailsone Series (Volume 1) Casey Jason Glanders

Alice Gailsone was Dyspell, the most dangerous and feared woman in the world. She was infamous for being the second in command of the Purge, the most vile terrorist organization on the planet. At least she was, until she abruptly retired for reasons unknown... Alice Gailsone is now a buyer and trader of rare gemstones with the help of her adopted niece, Allison. She lives a boring, low-key life and does her best to stay out of trouble. At least she did, until she was approached by Alan Tanner, powerful business tycoon by day and dangerous vigilante Blackthorne by night, with an offer she cannot refuse: Put together a team of former super villain- turned-heroes in exchange for access to the one thing on the planet that could save her mother's life. Her first assignment is the Lotus, a deadly assassin for Japan's premiere criminal empire, the Dead Talon. In her way is a powerful corporate giant, an army of trained soldiers, a cult of murderous Kitsune and an unknown force moving in the shadows. To survive, she'll need to pull everything out of her bag of tricks: guns, magic, cunning and more. Even with a terrifying and destructive power resting just beneath her fingertips, it may not be enough. She is out of practice, out of her element, and running out of time... Big In Japan is the first in a series of Action/Adventure Urban Fantasy novels about the Gailsone family. Join Alice as she deals with mob bosses, mercenaries, magic-related problems, golems, Kitsune, grumpy fortune tellers and the occasional firefight. Follow along as secret plots and sinister forces worm their way out of the shadows to test not only Alice, but the other 'heroes' of the Gailsone universe. A larger plan is unfolding with terrifying implications for the world, and Alice, whether she likes it or not, is stuck smack dab in the middle.

From reader reviews:

Floyd Wyatt:

As people who live in often the modest era should be up-date about what going on or facts even knowledge to make these keep up with the era that is always change and move forward. Some of you maybe may update themselves by reading books. It is a good choice to suit your needs but the problems coming to anyone is you don't know which one you should start with. This Big In Japan: Book One in the Gailsone Series (Volume 1) is our recommendation so you keep up with the world. Why, since this book serves what you want and want in this era.

Richard Delarosa:

Precisely why? Because this Big In Japan: Book One in the Gailsone Series (Volume 1) is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will distress you with the secret the idea inside. Reading this book close to it was fantastic author who else write the book in such remarkable way makes the content inside of easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of benefits than the other book include such as help improving your proficiency and your critical thinking means. So , still want to postpone having that book? If I were you I will go to the guide store hurriedly.

Ernestine Worrell:

Reading can called brain hangout, why? Because if you find yourself reading a book specifically book entitled Big In Japan: Book One in the Gailsone Series (Volume 1) your head will drift away trough every dimension, wandering in every aspect that maybe unfamiliar for but surely might be your mind friends. Imaging each word written in a guide then become one contact form conclusion and explanation this maybe you never get previous to. The Big In Japan: Book One in the Gailsone Series (Volume 1) giving you one more experience more than blown away your thoughts but also giving you useful info for your better life within this era. So now let us teach you the relaxing pattern here is your body and mind will be pleased when you are finished studying it, like winning a sport. Do you want to try this extraordinary shelling out spare time activity?

William Troutt:

In this era globalization it is important to someone to receive information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of sources to get information example: internet, classifieds, book, and soon. You can view that now, a lot of publisher that will print many kinds of book. Often the book that recommended for you is Big In Japan: Book One in the Gailsone Series (Volume 1) this publication consist a lot of the information in the condition of this world now. This specific book was represented just how can the world

has grown up. The terminology styles that writer make usage of to explain it is easy to understand. Typically the writer made some investigation when he makes this book. That's why this book suited all of you.
