Skyscraper Rivals

Carol Willis, Daniel Abramson

Skyscraper Rivals Carol Willis, Daniel Abramson

Millions of visitors flock to New York each year to witness the excitement of Wall Street, famous for its shoulder-to-shoulder Deco towers jostling for prominence above the canyon like streets. *Skyscraper Rivals* is the first book to examine the architecture of Wall Street between the wars through an amazing array of contemporary and archival images and an informed discussion of the financial, geographical, and historical forces that shaped this district. The book focuses on the AIG Building—once known as the Cities Service Building—and three other major towers in the financial district, in their race to be the tallest, the most modern, and the most lavish. We meet the tycoons who paid for these structures, the architects who designed them, the workers who labored in them, and the artists and photographers who portrayed them. The economics of skyscraper construction and the real-estate market of Wall Street are explained; also included are illuminating details and anecdotes surrounding each building's history. An essay by Carol Willis, director of New York's Skyscraper Museum and author of *Form Follows Finance*, provides an introduction.

Phillip Chadwick:

The reason? Because this Skyscraper Rivals is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will zap you with the secret this inside. Reading this book beside it was fantastic author who else write the book in such wonderful way makes the content interior easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of positive aspects than the other book possess such as help improving your proficiency and your critical thinking way. So , still want to hesitate having that book? If I had been you I will go to the guide store hurriedly.

Barbara Hall:

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library or to make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Skyscraper Rivals can make you truly feel more interested to read.
