The Short, Mad Reign of Humanity Marc Silva

Tabloid journalist Peter Woods was only trying to get the story on the little known Canadian Civil War and break out of the obscurity that was his career. He got more than he bargained for when he met up with a former associate, the evil Dr. Sanchez. Aided by two genetically engineered children, Woods escaped the arctic hell only to back into an academic mystery that had been covered up for some 500 years by D'Enzi, a fanatical sect long disavowed by the Catholic Church. When Woods runs afoul of rebel astronomer, Max Mason, he also befriends a notorious Portuguese assassin in Key West who helps him recover a partial diary by an unknown Spanish sailor named Gonzalez. In those pages, Woods believes, lies the key to the mystery. But first, Woods must enlist the help of Rabbi Birnbaum, college professor and lacrosse coach, and then he must outrace both D'Enzi and Max Mason to get to the explosive truth.
