Castellan (Crusader Chronicles Book 3) Peter Darman

Outraged by the behaviour of the Sword Brothers, King Valdemar has placed a blockade on the whole of Livonia. With the Danes having a stranglehold over Livonia the crusader state is slowly dying, made worse by an outbreak of pestilence at Riga. But when the Danish king invades the island of Oesel the wheel of fate turns and Valdemar finds himself at the mercy of the Sword Brothers and Conrad Wolff, the man he wanted to have executed.

The Sword Brothers and Conrad's Army of the Wolf save King Valdemar who lifts the blockade, thus saving Livonia. But Conrad has many enemies and an act of wickedness causes conflict to flare up on Livonia's eastern borders that will threaten not only the crusader state but also the life of Conrad himself.

And south of the River Dvina, among the Lithuanian kingdoms, a great power arises that will have grave consequences for not only Conrad but also for the whole order of Sword Brothers.

This, the third volume of the Crusader Chronicles, continues the story of Conrad Wolff and the Baltic Crusade in the first quarter of the thirteenth century.

Maps of Livonia in the thirteenth century, the Lithuanian kingdoms and the tribal lands of Estonia can be found on the maps page of my website: www.peterdarman.com
