THE SECRET TO PROFITING FROM OPTIONS:

THINK LIKE A PROFESSIONAL OPTION TRADER, NOT A STOCK TRADER!

- Understand the unique dynamics of options trades and markets
- Practical, concise insights based on actual option trading scenarios
- Master trade selection, risk management, and more
- By professional options trader Michael Benklifa, best-selling author of *Profiting with Iron Condor Options*

Want to win in options? You must think like a professional option trader. Step #1: Get rid of the habits you learned in stock trading: they're killing you! Step #2: Understand the real dynamics of options markets: they are radically, fundamentally different.

Example: When stock traders look at price, they see information. Option traders see probability, time, and volatility. *Example:* Stock trading is about having an information advantage. Option trading can be about exploiting a lack of information. *Example:* Stocks either go up or they don't. Option trades can be structured for a 90% probability of success.

With dynamics like these, option trading is like nothing else. Through practical, simple examples, Michael Benklifa will help you understand what's *really* going on here...so you can consistently build trades that earn profits and control risk!
