This book was developed to bring direction and answers to PMP® candidates along their PMP certification journey and to become a trusted and close companion they can count on during the final stretch before exam day.

After many years in the project management training industry and running PMCampus.com, we identified a need for another type of training manual to help PMP exam candidates. What we believe is missing is a training manual demystifying the kickoff and final sprint of the PMP exam process.

Through this book we aspire to fill this gap and coach students into a successful mindset.
