*Rosemary Deen, Marie Ponsot*

**The Common Sense: What to Write, How to Write It, and Why** Rosemary Deen, Marie Ponsot

*The Common Sense* is elemental and beautifully succinct. It focuses on the expository essay, which, despite its association with abominable teaching techniques and vapid results, is at its best the one form that reveals to students and teachers the power of writing. "It is not second-rate writing," Deen and Ponsot state, "nor is teaching it second-rate work."

This is a commonsensical text that puts its principles directly at the service of upper secondary and college students of all abilities. It perceives the composing class as an active community of writers, stresses the uses of listening and reading aloud, and lays out a core of work that can't be done wrong.

#### **Roy Matsumoto:**

As a scholar exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's internal or real their passion. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this *The Common Sense: What to Write, How to Write It, and Why* can make you really feel more interested to read.
