The ability to sew is an indispensable craft that cannot be over emphasized due to the extent of its importance. Saying that sewing is not important is a false statement. With good sewing skills you can turn virtually nothing into great stuffs. It is very easy to put thread into needle and just match or join fabrics together but doing it accurately and with some level of expertise requires some good amount of training and learning.

With as simple as a hand needle used with good skill knowledge, you can make very enviable designs. This book is a great compilation of what you can learn and include as your sewing and designing skills. Some very important techniques of creativity have been included in this book. You will be amazed at the discoveries you will encounter on the pages of this book. From the very first page to the last page of this book, is a wealth of resources and information that will keep you yearning for more.

You will discover and learn:

- What Sewing is all about
- The basics of sewing and the necessary equipments for a basic sewing compilation
- 26 amazing sewing patterns and designs that beats ones imagination.
