Two Weeks' Notice (Revivalist, Book 2) Rachel Caine

In New York Times bestselling author Rachel Caine's "thrilling" Revivalist series, Bryn Davis finds out that making a living can be rough if you're already dead...*

After dying and being revived with the experimental drug Returne, Bryn Davis is theoretically free to live her unlife—with regular doses to keep her going. But Bryn knows that the government has every intention of keeping a tight lid on Pharmadene's life-altering discovery, no matter the cost.

Thankfully, some things have changed for the better; her job at the rechristened Davis Funeral Home is keeping her busy and her fragile romance with Patrick McCallister is blossoming—thanks in part to their combined efforts in forming a support group for Returne addicts. But when some of the group members suddenly disappear, Bryn wonders if the government is methodically removing a threat to their security, or if some unknown enemy has decided to run the zombies into the ground...
