From the nuts and bolts of managing money to the deep psychological and even spiritual meaning it has in our lives, this personal finance audiobook shows everyone, even complete novices, how to take control of their money.

Suze Orman is a certified financial planner, a retirement specialist and registered investment advisor.

Orman begins with the insight that managing money is far more than a matter of picking the right investments or getting out of credit card debt.

To get control of our finances, we must first get control of the feelings about money that arise from our earliest experiences with it.

Next comes Orman's clear, easy-to-follow advice about the practical importance of understanding and utilizing investments, retirement plans, insurance, and credit.

Finally, Orman reveals why true financial freedom lies not in amassing wealth, but in realizing that we are worth far more than our money.
