"Steve Austin, astronaut, a man barely alive. Gentlemen, we can rebuild him, we have the technology. We have the capability to make the worlds first Bionic man. Steve Austin will be that man. Better than he was before. Better. Stronger. Faster." The Six Million Dollar Man was based on the novel Cyborg by Martin Caidin, and during pre-production, that was the proposed title of the series. The title role of Steve Austin was played by Lee Majors, who subsequently became a pop culture icon of the 1970s. A spin-off of the show was produced called The Bionic Woman. In this complete episode guide you will find full character biographies as well as profiles of the actors themselves. The episode guide gives full descriptions and productions notes as well as a merchandising section that includes many of the toys released. Take a moment and relive some of the greatest moments in science fiction television history.
