Jamaica's name is prominent in the world thanks to our outstanding athletes like Usain Bolt, the fastest man on the planet. We also gave the world Bob Marley who is one of the most revered musical icons in the world. Did you also know that Negril at the extreme western end of Jamaica has seven miles of pristine white sands beaches? Maybe you knew that Dunns River Falls near Ocho Rios is the most photographed attraction in the Caribbean but Joan considers Reggae Falls in the eastern side of the island even more beautiful. Now you have better choices! Also you never knew you could go surfing in St. Thomas did you? Yes you can! And while this is a tropical island, there have been two recorded instances of snow flurries falling at the Blue Mountain peak, now a UNESCO heritage site. Also , I bet you didn't know that Seville Museum in St. Ann gives you a comprehensive history lesson about the life of the Tainos, Spanish, and British in pre-independent Jamaica and that Port Royal in Kingston was once considered the wickedest city in the world? Well you can visit it today and see exactly how the pirates lived and operated in those days. You should also go rafting down the the majestic Rio Grande river in Portland which is where our tourism industry started in the 40's. For farmers used to transport bananas by raft in those days and when they saw the absolute beauty of the Rio Grande Valley, they decided to share it with the rest of the world There is so much about Jamaica that you can never learn about by looking at brochures and even persons living in Jamaica miss out on many of our wonderful natural attractions. This book will fill in the gaps and leave you just wishing to visit and explore Jamaica and enjoy it all as Joan does on a regular basis.
