## **NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition** Nfpa

Water-based fire sprinkler protection systems comprise the bulk of commercial and residential installations. Properly inspecting, testing, and maintaining these complex systems requires close attention to mechanical details and various important provisions. The 2014 NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems offers comprehensive guidance on maintaining suppression systems for optimum performance. Effective use of NFPA 25 reduces risk of death by 80% and average property loss by nearly 70%. Inspection, testing, and maintenance regimes covered by NFPA 25 include evaluation techniques such as: Fire sprinkler inspections; Valve status tests; Internal piping assessments; Fire pump operating tests; Fire pump flow tests; Forward-flow tests for back-flow preventers; Risk assessment and performance-based testing programs; Preparing preplanned impairment reports, hydrant flushing, and testing. Learn about the latest provisions in the 2014 NFPA 25: Updated fire pump operating test-frequency rules; New fuel-supply testing procedures for diesel-driven fire pumps; Modified definition of "sprinkler system" for consistency with NFPA 13; Clarification about inspecting the insides of sprinkler pipes; An expanded scope that includes water-mist systems; The addition of valve status testing to ensure water is reaching the sprinkler system. Ongoing water-based fire protection system maintenance is much less costly than having to replace entire systems. Ensuring function and performance of sprinkler systems is especially important for protection of life and property.

### **From reader reviews:**

#### **Danny Nehring:**

Why don't make it to become your habit? Right now, try to ready your time to do the important take action, like looking for your favorite guide and reading a publication. Beside you can solve your short lived problem; you can add your knowledge by the guide entitled NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition. Try to stumble through book NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition as your buddy. It means that it can to become your friend when you really feel alone and beside that of course make you smarter than previously. Yeah, it is very fortunated for you personally. The book makes you a lot more confidence because you can know every little thing by the book. So , let me make new experience along with knowledge with this book.

#### **Raymond Bryan:**

With other case, little people like to read book NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition. You can choose the best book if you like reading a book. Providing we know about how is important a book NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition. You can add expertise and of course you can around the world by just a book. Absolutely right, since from book you can know everything! From your country right up until foreign or abroad you will end up known. About simple factor until wonderful thing it is possible to know that. In this era, we can easily open a book or searching by internet device. It is called e-book. You may use it when you feel bored stiff to go to the library. Let's read.

#### **Michael Stanford:**

The reserve with title NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition has lot of information that you can find out it. You can get a lot of benefit after read this book. This particular book exist new know-how the information that exist in this reserve represented the condition of the world today. That is important to yo7u to find out how the improvement of the world. This specific book will bring you with new era of the internationalization. You can read the e-book with your smart phone, so you can read the item anywhere you want.

#### **Ann Goddard:**

A lot of book has printed but it is unique. You can get it by internet on social media. You can choose the best book for you, science, comedian, novel, or whatever by searching from it. It is known as of book NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, 2014 Edition. You'll be able to your knowledge by it. Without leaving behind the printed book, it may add your knowledge and make you happier to read. It is most significant that, you must aware about publication. It can bring you from one spot to other place.
