After Finitude: An Essay on the Necessity of Contingency Quentin Meillassoux

From the preface by Alain Badiou:

It is no exaggeration to say that Quentin Meillassoux has opened up a new path in the history of philosophy, understood here as the history of what it is to know ... This remarkable "critique of critique" is introduced here without embellishment, cutting straight to the heart of the matter in a particularly clear and logical manner. It allows the destiny of thought to be the absolute once more.

"This work is one of the most important to appear in continental philosophy in recent years and deserves a wide readership at the earliest possible date ... *Après la finitude* is an important book of philosophy by an authnted emerging voices in continental thought. Quentin Meillassoux deserves our close attention in the years to come and his book deserves rapid translation and widespread discussion in the English-speaking world. There is nothing like it."

?Graham Harman in *Philosophy Today*

Quentin Meillassoux's remarkable debut makes a strikingly original contribution to contemporary French philosophy and is set to have a significant impact on the future of continental philosophy. Written in a style that marries great clarity of expression with argumentative rigour, *After Finitude* provides bold readings of the history of philosophy and sets out a devastating critique of the unavowed fideism at the heart of post-Kantian philosophy.

The exceptional lucidity and the centrality of argument in Meillassoux's writing should appeal to analytic as well as continental philosophers, while his critique of fideism will be of interest to anyone preoccupied by the relation between philosophy, theology and religion.

Meillassoux introduces a startlingly novel philosophical alternative to the forced choice between dogmatism and critique. *After Finitude* proposes a new alliance between philosophy and science and calls for an unequivocal halt to the creeping return of religiosity in contemporary philosophical discourse.

This great information can certainly drawn you into fresh stage of crucial considering.

Martin Hanson:

As a college student exactly feel bored to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring along with can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this *After Finitude: An Essay on the Necessity of Contingency* can make you feel more interested to read.
