## Politics Aristotle

No other English-language translation comes close to the standard of accuracy and readability set here by Reeve. This volume provides the reader with more of the resources needed to understand Aristotle's argument than any other edition. An introductory essay by Reeve situates *Politics* in Aristotle's overall thought and offers an engaging critical introduction to its central argument. A detailed glossary, footnotes, bibliography, and indexes provide historical background, analytical assistance with particular passages, and a guide both to Aristotle's philosophy and to scholarship on it.
