Introduction to C# Joes 2 Pros (C# Exam Prep 70-536) Peter Bako

(Please note that this book has been updated and replaced by "Introduction to Programming Using C#" and is no longer under the Joes2Pros title.)

Learning to program is one of the most rewarding experiences you can have in the world of computers! Instead of just using programs written by others, you can start to write your own programs. Many people realize that the easiest way to learn is by seeing and doing. Introduction to C# takes this easy to follow approach, with lots of opportunity to practice, plenty of pictures to verify your work, easy to follow explanations, and plenty of sample code to examine. In no time at all, you can start writing simple programs of your own design, using one of the most vibrant and popular languages of today, C#. To save you time, all of the code presented in the book (both in the chapters and for the challenges), can be downloaded from the Joes2Pros website!
