Recent Advances in Surgery 30 (v. 30) Irving Taylor, Colin Johnson

Recent Advances in Surgery 30 is the latest volume in the successful and well-established *Recent Advances* series. This title is updated annually, covering the latest trends within surgery and reflecting any changes to the professional examinations for surgeons.

Suitable for experienced medical professionals, as well as students and candidates of the MRCS/AFRCS, this edition reviews the latest trends within surgery and forms a useful update of general surgery for candidates of the Intercollegiate examination.

Over 30 contributors, who are recognized experts in their particular field, provide in-depth reviews of important topics relevant to the management of all surgical patients and advancing areas in surgical subspecialties.
