Zeke is a dark novel of sexual obsession, psychological manipulation, and looming peril. Sue Cox is a naive college student who falls for the exciting new clerk at the local used bookstore. Captivated by Zeke's brooding good looks and menacing but irresistible charisma, Sue capitulates to his will, leaving her wide open for exploitation. Zeke begins to exert subtle control and entices her to leave town with him. As they travel, his behavior grows more deviant and increasingly volatile. After Sue's car is found deserted in an outlying cemetery, the police dismiss her parents' concerns since it appears Sue left willingly. The Coxes immediately hire William Falstaff, a small-town private investigator. He begins his inquiry with only two objectives: first, to verify that Sue's departure is voluntary; and second, to provide her family with information on her whereabouts. A simple case. However, he soon finds himself locked into a chase to save Sue's life. Will he find her in time or will she become another victim of a cunning sociopath?
