Step-By-Step Business Math and Statistics Jin W. Choi

Step-by-Step Business Math and Statistics is written to help those who need a quick refresher on mathematics and statistics as the foundation of a rigorous MBA program. This book fills the gap left by many textbooks that are often dedicated to either mathematics or statistics, but not both. It also serves as both a textbook that describes basic concepts and a workbook that shows plenty of examples and exercise problems. This book covers only the most fundamental topics in business mathematics and statistics and truly lays down the basic concepts step by step.

Step-by-Step Business Math and Statistics covers the essentials of mathematics and statistics, including:

- Algebra Review
- Calculus Review
- Optimization Methods
- Applications to Economics
- Data Collection Methods
- Probability Theory
- Sampling Distributions
- Multiple Regression Analysis

Jin Choi is Associate Professor of Economics in the Kellstadt Graduate School of Business at DePaul University (Chicago, Illinois). He specializes in teaching quantitative topics such as business mathematics, statistics, forecasting, and quantitative investment analysis. He also teaches topics on money and banking and serves as a member of the board of directors of a \$555 million community bank in Chicago. He received the Excellence in Teaching award in 2007 from DePaul University and emphasizes practical use of theory in his teaching.
