Kelsie Connor is looking for a big headline to jumpstart her career as a journalist--like proving the existence of vampires and werewolves. She's always felt that Others exist, though she's never met one herself. So on the night of the Blood Moon, Kelsie goes looking for a werewolf...but meets a vampire instead. A vampire who makes her blood run hot and makes her feel things she never imagined a body could feel.

Hayden Flann had been secretly watching Kelsie for some time, drawn to her by a powerful bloodlust and equally strong sexual attraction. But Hayden recognizes that he and Kelsie are connected by more than passion. Little does she know that Hayden is not just her lover--he's also her enemy, born to seduce her before he kills her....
